NIGHT CLASSES – 2010 - ONTARIO

Liability Loss Prevention – A3 – September 8th - November 24th 2010

Did you know:

In January 2008, The School of Loss Control Technology added Night Classes to its roster. First in the series was the Building Construction, Fire Protection and Basic Hazards A-1 course followed by the Liability Loss Prevention A-3 course. This A-3 course will be presented again this year in twelve three-hour sessions with mid-term and end of term examinations. The course will commence on Wednesday, September 8th and will run every Wednesday until November 24th. Classes will be held in Ontario at a location to be advised later.

Students scoring a mark of 60% or above, will have to challenge the Insurance Institute examination to get the C38 credit towards their CIP program.

PLEASE ASK FOR FURTHER DETAILS

Adding night classes to The RMS School's roster will greatly benefit students by allowing a flexible option for those individuals who cannot dedicate a full working week for training.

Topics covered include:

- Law Pertaining to Liability Insurance
- Common Inside and Outside Hazards
- Product Liability Insurance
- Premises Liability Insurance
- Manufacturers' and Contractors' Liability
- Pollution Liability

You will:

- Learn about the laws pertaining to liability insurance through case studies and develop an understanding of the legal relationships between various parties.
- Learn about common inside and outside hazards, as well as, exit requirements, elevators and escalators.
- Benefit from learning about the Law of Products Liability and its affect on product manufacturers since 1932.

Instructors:

All of our instructors have many years of experience in their relevant field of expertise.

The courses have been developed and implemented by the actual instructors based on standards, industry rules and regulations and their own professional experiences.

Our courses are practical, hands on and allow the student to return to their profession fully equipped with the skills acquired within the course.

The practical information derived from this course will improve your understanding of risk analysis and provide you with essential information that you can apply on a day-to-day basis, whether you are involved in claims, underwriting or loss prevention.

Fees:

\$875.00 plus applicable taxes

Registration:

Simply fax the registration form on the reverse to The School at (905) 695-6543 or call **Yvonne Lincoln at 905 882-6300** or toll free (800) 268-8080. Confirmation will be sent via mail immediately.
